EVENTS  SURE

ABOUT

The Global Legal ConfEx

Presenting Our 34th International Legal Conference
Global Legal ConfEx – 20 April 2017

Conference Title: The Multi-Purpose Legal Departments and How to Navigate an Ever-Changing Business World

Conference Description: Today, General Counsel (GCs) of global companies are required to be master multi-taskers. In addition to critical day-to-day legal support for businesses, GCs are asked to work with chief executive and corporate boards on strategies for overall business stability, management and profitability. This means staying current on new regulatory developments and working to mitigate emerging legal risks in jurisdictions with potentially diverse local cultures, political systems, regulatory and business environments – all while managing legal budgets effectively.

Events 4 Sure offers this 34th International Legal Conference as a platform for corporate legal departments, law firms and technology/outsourcing providers to discuss the primary challenges facing GCs in a global business environment. This conference will gather private practice lawyers, law firm partners, in-house counsel, technology/outsourcing professionals, and government representatives from India and around the globe to discuss the challenges and opportunities they encounter every day. With nearly 15 concurrent educational and networking sessions, Global Legal ConfEx, Delhi, India, April 2017 offers a wide range of topics focused on litigation, e-discovery, security and risk management, regulatory compliance, outsourcing and technology.

WHO ATTENDS:

The Global Legal ConfEx, Delhi, India, April 2017 is produced for in-house lawyers, law firm partners and technology/outsourcing service executives, buyers, service providers, investors, policy makers, and other stakeholders in the legal, and technology/outsourcing industries.

WHY ATTENDS:

The Global Legal ConfEx, Delhi, India, April 2017 creates a global forum for lawyers, law firm practitioners and legal departments, technology and legal process outsourcing professionals, and government representatives to network, develop relationships, and discuss trends, issues and opportunities related to the practice of law and technology/outsourcing.

When: 20 April, 2017

Where: New Delhi, India
