About AURO University

AURO University, founded by the Rama Family, is inspired by the vision and teachings of Sri Aurobindo Ghosh and The Mother. AURO University is an environment of collaboration and creativity driven by self-discovery of "Inner Being" that ENCOURAGES, ENABLES and EMPOWERS students in their INTELLECTUAL, EMOTIONAL and SPIRITUAL GROWTH. AURO University is a centre for value-based education.

AURO University has seven schools under its umbrella which are School of Law, School of Business, School Journalism and Mass communications, School of Liberal Arts and Human Sciences, School of Design, School of Information Technology, School of Hospitality Management.

Our vision is to be a premier university of integral and transformational learning for future leaders and as a centre for higher education.

About School of Law

School of Law, established in the year 2012, offers a curriculum designed to impart contemporary legal knowledge, acts, legal procedures, discussions of contemporary technology-enabled systems, processes and procedures in the course of teaching Indian as well as international laws. The focus is on developing a critical and usable understanding of the laws to various domain areas such as business, international trade, international relations and such.

The teaching-learning process blends knowledge and skills in such a way that the student can apply them in the real world with a focus on promoting and delivering multi-disciplinary inquiry and practical appreciation of problems. The pedagogy offers an optimal integration of classroom lectures, moot courts, case studies, judgement review and analysis, projects, and assignments.

About the Faculty development Program

The study of law is directly correlated to the developments in the society which leads to dynamism in this field of study. There are various new fields of law which have emerged due to the changing course of interaction in society. Now it is equally important that the academicians involved in imparting knowledge to students are well aware of the latest trends in the field of law. Along-with this awareness is the necessity to develop teaching pedagogy and achieving proficiency so that quality education can be imparted. With this aim in mind the School of Law, Auro University proposes to hold a week-long faculty development program on the lines of "Identifying new emerging fields of law and development of teaching proficiency".

Themes To Be Covered

1. Understanding changes in environmental law and its impact on sustainable development
2. Contemporary development and challenges in human rights law
3. Understanding the dynamisms in energy law
4. Developments and changing dimensions in constitutional law
5. Understanding the developments in corporate law
6. Art of module making
7. Importance and techniques of classroom management
8. Implementation of Bloom's taxonomy in teaching
9. Tools of legal research
10. Interdisciplinary approach to law
