IMS Law College is ranked and counted amongst the top ten Law Colleges in India. It has consistently endeavoured to provide high quality education to young law aspirants looking for quality education in Law in India as well as contributing to society by way of publications based on research and consultancy to the industry as well as the community at large. Sincere efforts on the part of institution has been recognized and acknowledged by the various survey agencies which have evaluated its consistent growth and put it on the high scale. The IMS Law College has been continually evolving by pursuing and inculcating several innovative ways of teaching, learning, and experience sharing by demonstrating accomplishment of time – bound mission oriented goals. This has been made possible by creating an intellectual capital of in-house human resources of highly qualified and experienced faculty, state –of- the- art infrastructure, modernized computer lab with Wi-Fi and sprawling central library for continuous innovations. It is the only Institute in India where we teach how to be fully equipped for uncertain “Next”. The transformation is underway at the College where the focus is on “Delivering Next” to prepare students to be ready for the court and industry and to learn not only about the past but also about the shape of things emerging in future. With the help of the world renowned professors, IMS Law College is radically offering value added course as per the demand of State-of-the -art infrastructure, teaching methods as industry and legal domain to meet challenge of “Delivering Next”. In its endeavours it’s now organizing a national seminar to invite the scholars and intellectual think tanks to deliberate upon the very relevant theme “Justice Dispensing Machinery and Hostile Witness”. I wish all the best for the conveners.

MESSAGE FROM CMD'SDESK

Welcome to the National Seminar Program on behalf of the seminar conveners. I hope that the event will be interesting, insightful and richly informative. The Program is structured to provide a broad range of information across the array of spectrum. The focus is on practical explanation and pragmatic application of the topic "The Justice Dispensing Machinery and Hostile Witness".

It is designed as a springboard for the ensuing international conference 2020. It is aimed at providing a background to allow attendees to better assimilate and evaluate the advanced papers, which are the thrust of this Program.

Dean's Message

Professor (Dr.) K.S.Bhati

Dean IMS Law College (Noida)

The IMS Law College is well known for its extraordinary faculty with all the well deserved accomplishment and accolades. It is their deep commitment to intellectual inquiry in law that sets them apart. When one comes to study at the IMS Law College, he will join a small and diverse students' body that is deeply committed to studying law, developing life - long friendships and creating the involvement of our students in various activities by which they learn about career opportunities to serve the public, to debate and discuss the most important topics of the day and of course fun . I am impressed by our students' intellect and commitment and by how seriously they take both their participation in the life of the IMS Law College and professional development.

I am proud to serve as Dean of IMS Law College. IMS Law College has a strong and longstanding commitment to prepare students to become excellent, engaged attorneys, ready to represent their clients and serve the society. We provide students with hands - on learning throughout their legal education. We integrate career and professionalism skills needed to succeed in the courts. We embrace the challenges presented today by giving every student international perspective on the pressing legal issues facing us all. In short, we educate the complete lawyer.

Debate and deliberation require open discussion and IMS Law College has repeatedly reaffirmed its commitment to freedom of expression. It is a place where conversations between people with different views often yield the most valuable insights and the closest friendships. In fact, the IMS Law College is a place that is serious about ideas. We continuously face challenge and test ideas in our hallway conversations. A diversity of perspectives strengthens intellectual inquiry of this sort and we welcome students and faculties of diverse backgrounds and experiences.

ABOUT THE SEMINAR: CONCEPTUAL NOTE

Witnesses are the foundation of well-functioning criminal justice system as they act as an indispensable aid to justice delivery system. They assist the court in determining the guilt of the accused. But, the problem of witnesses turning hostile has become menace as it is the main cause of high acquittal rate of criminals involved in heinous crimes. A witness is said to be hostile when a party calls a witness to depose in its own favor, instead the witness be against the party calling him. This situation arises in many of the cases where witnesses do not give answers in favor of the party calling the person as a witness.

The role of witness is paramount in the Cardinal Justice System of any country. By deposing in a case, they assist the court in discovering the truth. But the witnesses turning hostile is a common thing happening in the criminal justice system. The whole case of the prosecution can fall on a false statement of the witness. The result is that more and more citizens are losing faith in the effectiveness of the judicial system in providing justice to the victims. As long as the witness continue to go hostile and do not make truthful depositions in court justice will always suffer and

people's faith in efficacy and credibility of judicial process will continue to be eroded and shattered. According to Bentham "witnesses are the eyes and ears of justice".

In a democratic setup witness has an important role to procure the rule of law among the citizens who are losing faith in the judicial system while resolving their disputes in the court of law. They are made remediless. They would resort to extra constitutional or extra legal measures which will affect the very basis of democracy, the rule of law. The concept of hostile witness is only in the writing form. There is no more implementation of laws relating to the hostile witness. The provisions regarding the hostile witness were under cloud. In the words of Justice Wadhwa, "A criminal case is built on the edifice of evidence which is admissible in law. For that witnesses are required to be classified into direct evidence or circumstantial evidence".

Witnesses are the key to a case. But what happens when these witnesses turn hostile or retract from their statements. Hence, the importance and primacy of the quality of trial processes disturbed / lessened if the witness himself is incapacitated from acting as eyes and ears of justice. The trial gets paralyzed and it no longer can constitute a fair trial. There are several reasons for turning a witness hostile. On the basis of experiences of the courts the reasons for turning hostile of witnesses could be threats, coercion, lures and Monterey considerations at the instances of the henchmen and hirelings political clouts and other corrupt practices. "Hostile witness" is more than just a concept in the Indian Criminal Justice System. It has again come back to picture with Jessica Lal Murder Case. Not many years have passed when key witness in the Best Bakery Case turned hostile. The retraction in statement acquitted twenty accused persons. The collapse in the sensational riot case showed the need to vest more powers in the trial court to protect witness and take action against those threatening witnesses.

In this background the topic "Justice Dispensing Machinery and the Hostile Witness" acquires increased importance and assumes potential significance. The seminar intends to provide a platform for dissemination knowledge, exchange of best practices, group-work, theoretical inputs, create awareness and encourage research in various fields pertaining to "Justice Dispensing Machinery and the Hostile Witness". The seminar will witness dialogue among legal and social –legal experts.

AIM OF THE SEMINAR
