ABOUT THE DME Moot Court Society

Delhi Metropolitan Education's School of Law has a vibrant and active mooting culture. The Delhi Metropolitan Education Moot Court Society (DME M.C.S.) is a student-led initiative, which works hand in hand with the administration for planning, training and executing its activities. The DME M.C.S. hopes to create a strong tradition of successful mooting for years to come for the students.

The M.C.S. has an intake of around 100 students through an induction process every year. These students represent the college in National and International Moot Court Competitions where students get a chance to learn new subjects, polish their advocacy skills, build networks, and make friends.

The DME M.C.S., under the aegis of Faculty Conveners and the M.C.S. student Executive Board, has organised several prestigious moots, including the DME National Moot Court Competitions (DME N.M.C.C.) in the years 2017, 2018, 2019, DME Client Counselling Competition.

DME N.M.C.C. has been a host to various legal luminaries, eminent jurists, judges and advocates along with participant-budding lawyers from all over the country. These events were graced by various legal luminaries including the guidance of late Sri. Ram Jethmalani.

ABOUT THE PROPOSED COMPETITION

DME Law School strives for bringing in a positive change in the status quo of the society through innovative and practical ideas. The DMEMCS, under the aegis of Faculty conveners and the MCS student Executive Board has organised a number of prestigious moots, including the DME National Moot Court Competitions(DMENMCC) in the years 2017, 2018 and 2019 all of these moots were one of their kind as the problem for the moot and the rules for the competition were drafted in a way which allowed the participants to use an innovative approach while mooting .

The DMEMCS understands the need of the changing time and hence this year we have come up with an idea of bringing in an innovative approach to the Moot Court Competition and make it something more than just courtroom debating.

The Delhi Metropolitan Education Moot Court Society feels elated to propose the first-ever moot in the country that will have active participation of the non- law students as victims and the moot will not only sharpen the advocacy skills but will provide a first-hand experience to the participants to deal with their clients.

The main focus of the DMEMCS through this moot is to -

- 1- Bring innovation to the traditional mooting
- 2- To bring in a solution for social issues that can be a tool of a social change
- 3- To find out ways through which justice can be delivered to the door-steps of citizens.

All the above-mentioned goals are being discussed in depth below, followed by a detailed Moot Plan

Innovation

The DME - Moot Court Society strives to bring in certain innovative changes to the mooting culture in the country, with an idea to have a meaningful and a practical competition. This year the Moot Court Society aims to provide the participants with a first-hand experience of communicating and dealing with the clients (victim teams) who are either in different cities or are overseas.

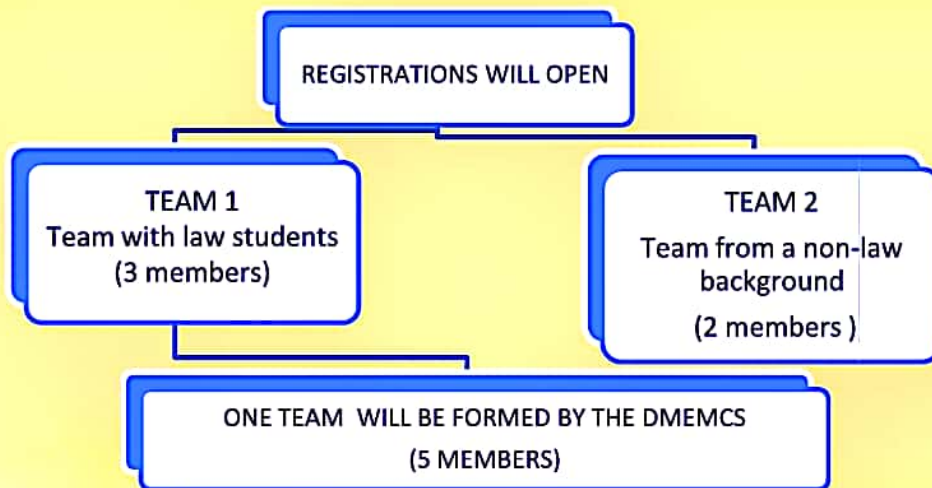

This idea is one of its kinds in the country where the participants will not only prepare to argue in the Court of Law but will also gain an opportunity to connect with the victims of the case. It is to be noticed that the said victims will be the students of various courses like B.S.W (Bachelor of Social Work) and M.S.W (Master of Social Work), volunteers of various reputed N.G.O's and other courses. The idea behind the participation of non-law students is that every activist has to knock the court's door to secure justice, therefore, this Moot Court Competition will provide the non- law students to experience the questions and the accusations that the petitioners face at times.

The idea is to deliver justice to door-step

As stated earlier Moot Court Society aims to innovate the way moots are conducted in the country. Today, moots have become limited to the courtroom debating and basic research on a fictitious moot proposition which fails to provide any solution to the problem that concerns the society. The DME Moot Court Society aims to fill this gap between the fiction and reality hence the moot problem which will pose a question that demands the solution to the issue as its answer. Also the non-law students (BSW) will draft a policy that the state should implement to bring in a change in the society with regards to the problem concerned, this will not only give a positive perspective to the moot court competition but will also help in understanding the problem, suggesting ways through a policy by which the government can deliver justice to the door-steps of the citizens.

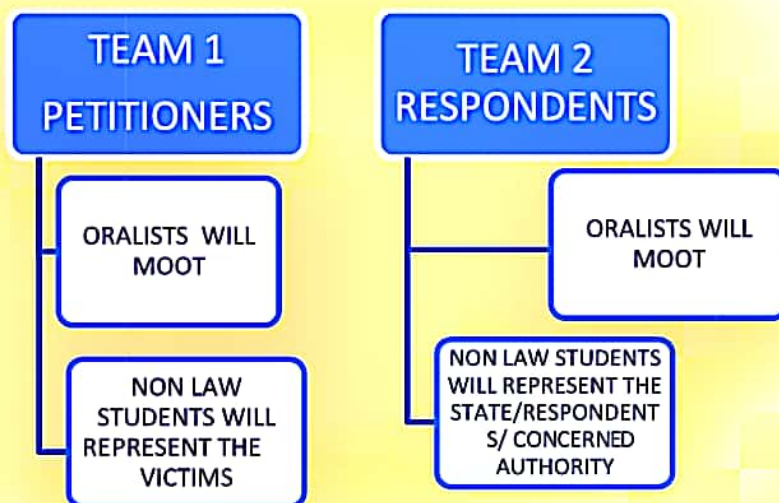

Detailed Plan for the Moot Court Competition
