

NATIONAL WEBINAR ON “SUSTAINABILITY OF SUSTAINABLE DEVELOPMENT IN POST-COVID 19 SCENARIO”

05th June, 2020

CALL FOR PAPERS

About the University

Guru Gobind Singh Indraprastha University is uniquely situated in being enriched with academic resources in variety of disciplines of study and is a NAAC accredited with 'A' Graded affiliating University established by Government of NCT of Delhi in 1998. The mission of the university is to provide a market oriented professional education to the student community of India in general and of Delhi in particular, with a view to serving the cause of higher education as well as to meet the needs of the Indian industries by promoting establishment of colleges and Schools of Studies as Centres of Excellence in emerging areas of education with a focus on professional education in disciplines of Law, Engineering, Technology and Medicine.

About University School of Law and Legal Studies

University School of Law and Legal Studies (USLLS), New Delhi, a constituent of Guru Gobind Singh Indraprastha University (GGSIPU), envisages advancement of institutional expertise in the area of legal research and education by augmenting academic and professional excellence, developing critical and relentless engagement with legal theory and practice, synergizing law, legal research, legal education and action to further the quest for justice. USLLS aspires to open new perspective for the students in the arena of law, legal studies, theoretical as well as clinical legal education through an incessant endeavour of developing academic potential, critical analytical ability, advocacy, counselling and mediation skills so as to fully equip the students with learning which is intellectually stimulating, socially vital and professionally enriching.

About the Webinar

COVID-19 pandemic, an unprecedented crisis, has brought untold miseries on mankind bringing the whole world to a standstill. Public transport of all sorts from aviation to railways, from metros to taxis has been shut down for months at end, which has never happened before. Apparently, there is no direct relationship between environmental conditions and the COVID-19 pandemic, except that the closure of economic activity generally especially in transportation sector, has improved the ambient air quality. However, as the world prepares to commence the economic activity with a renewed vigour, environment is most likely to be affected. For starters, the declaration of the Environmental Protection Authority of United States of America has stated that for the next two years, all kinds of economic activity, particularly the new ventures shall be exempted from all kinds of environmental monitoring. It is widely feared that this is likely to be the norm for most economies, as and when their economic activity starts picking up. This would most probably compromise the environmental regulations in a big way and the idea of “Sustainable Development”, as we have understood it from the last four decades, shall suffer tremendously. In the background of the ongoing COVID-19 pandemic, we as a law school, situated in the NCT of Delhi, are acutely conscious of our responsibilities towards the environment and the community. This ‘World Environment Day, 2020’ i.e. on 5th June 2020, University School of Law and Legal studies is conducting a National Webinar on “Sustainability of Sustainable Development in Post-COVID-19 Scenario” and therefore invites participation from students and scholars for the same. We, at USLLS, intend to assess the sustainability of “sustainable development” in the post-COVID-19 scenario.

We are inviting original and previously unpublished articles, notes and comments from academicians, judges, lawyers and research scholars on the theme of “Sustainability of Sustainable Development in Post-COVID-19 Scenario”. The following are the sub-themes. However, the sub-themes are merely indicative in nature and not restrictive. Any relevant topic connected to the theme are welcome.

Sub-themes

- COVID-19 vis-à-vis Environmental Protection policies of the States
- COVID-19 vis-à-vis Environment Pollution
- Effect of COVID-19 on Climate Change
- Effect of COVID-19 on Forest and Wildlife

- Effect of COVID-19 on Biological Diversity
- Effect of COVID-19 on other Natural Resources
- Effect of COVID-19 on Cleanliness & Sanitation
- Effect of COVID-19 on the 2030 Agenda (SDGs)

Registration & Participation:

- Registration is mandatory to participate and present papers in the webinar. However, there is no registration fee for the same.
- All paper Presenters will be issued with an e-certificate.
- Only registered participants who participate in all the sessions will be given with a participation certificate. For Participation: [Register here](#)

Post Conference Publication:

All papers that are selected, discussed and deliberated during the conference will be persuaded further to be published in an edited book as soon as possible with a reputed publishing house. Details of the same will be communicated individually to the selected abstract/paper.

Guidelines for Abstract Submission

- Abstracts must not exceed 300 words.
- Co-Authorship of two persons is allowed.
- Abstract should be submitted through email to ggsipuuslls@gmail.com

Important Dates:

- Last date for Abstract Submission: 01/06/2020
- Confirmation of Abstract Submission: 02/06/2020
- Date of the Webinar/Conference: 05/06/2020
