## **MESSAGE FROM OUR PATRON HON'BLE MR. JUSTICE J.K. RANKA :-**

I am extremely happy to note that Faculty of Law, Vivekananda Global University, Jaipur has achieved a coveted position in the legal education scenario since its inception. Faculty of Law, Vivekananda Global University, Jaipur has become one of the first preferences for Law study.

Our vision being to produce quality lawyers with great human values has been achieved to a larger extent with our students joining the profession as practicing lawyers, by securing placement in reputed law firms in India and abroad and also by their selection as judges by clearing the Judicial Services Examination. We give great importance to professional skill developments such as moot courts, debates, seminars etc. with full participation from the students in hosting such competitions in our law college as well as encouraging them to participate in competitions in India and abroad. I am happy to learn that our students have secured prizes in prestigious competitions organized by reputed institutions and organizations.

# **NATIONAL TRAINING OF TRAINERS PROGRAMME ON “MOULDING FUTURE LEGAL PROFESSIONALS”**

## **INTRODUCTION**

Law is a noble, honourable and service-oriented profession. It helps in ameliorating the conditions of society and gives it a new direction. No other profession can bring such magnanimous change in the society as law,” said Justice V Eshwariah. For lawyers, Legal Research plays a crucial role in their profession. Aside from the essential skills they should possess, they should have a better background in Legal Research to manage any type of case and the corresponding legal processes objectively and legally.

So, if you’re a legal professional wanting a thriving career then professionals you need to learn the importance of Legal Research in Legal Practice. No Matter what your practice area is, legal research is a very important process for both individual lawyers and law firms. The most basic step in legal research is to find the leading case governing the issues in question. As most researchers know, this is far more difficult than it sounds.

National Training of Trainers Programme aims at focusing on these issues and challenges in legal education by providing a starting point to initiate discussions broadly regarding role of research in moulding future legal professionals in legal education. Discussions would pertain to the following Topics

**Technical Session 1- “Capacity building and training beyond curriculum”**

**Technical Session 2- “Skills training Offline v. Online”**

**Technical Session 3- “Role of Research in Legal Education”**
