1 ABOUT THE CEERA ANNUAL INTERNATIONAL CONFERENCE

The Annual International Conference on ‘Environmental Law, Policy and Practice’ is organized by the Centre for Environmental Education, Research and Advocacy, National Law School of India University, Bengaluru to embark upon the journey to celebrate the World Environment Day through intricate and concerted action of intellectually stimulating and socially relevant discourse on identified themes. The International Conference gains its relevance in light that, for India and other countries, with Climate Emergency being critically acclaimed worldwide, the need for a structured discourse on comparative environmental law, policy and practice is overdue.

This International Conference would *inter alia*, seek to deliberate on the pressing issues that concern the environment, delving into comparative legal framework on environmental protection, the interface between environment and businesses, activities that foster development, Energy security, Climate Change and Biodiversity Protection while taking into consideration the development of international framework vis-à-vis national issues and concerns pertaining to the environment.

The primary focus of the Conference shall be to further the environmental law, policy and practice in the areas of climate change, biodiversity conservation, forests, wildlife and pollution, serving as a forum for discussion on critical and contemporary issues. Lastly, this conference shall facilitate an effective framework in response to increasing public awareness and concern stemming from the high-profile environmental disasters.

The ever-evolving Environmental Law is a synthesis consisting of principles, concepts and norms interwoven with other scientific disciplines. The international environmental framework is simply the reflection of the world’s concerted effort in mitigating and reversing environmental deterioration in addition to decelerating our progress towards the Anthropocene era. Therefore, its objectives are two-fold – one, to tackle the environmental challenges and second, to conserve the environment for the future generation, thereby establishing its foundation on the concept of sustainable development.

The aspect on global environmental framework owes its existence to its principal source – the Common Law. The common law environmental principles – the parents of environmental laws guide environmental governance and judicial pronouncements in environmental matters. The environmental challenges confronting India in various spheres of pollution, wildlife and forest and bio-diversity, are also guided by these common Principles of Environmental Law. Additionally, the Environmental Rule of Law having its genesis in the United Nations Environment Programme’s Governing Council Decision 27/9 offers a mechanism that translates environmental aspirations into effective actions, keeping in view the difficulty in the enforcement of environmental legislations.

For India and other G20 Countries, there are several reasons to shift to green energy including the need to attain carbon neutrality, as affirmed in the COP26 in 2021. Transition to any technology requires capital infusion, and path-breaking technologies require an increased investment outlay. Invention spurs

development and technological competency. The International Conference would thus deliberate on the need to encourage the 3As (Availability, Accessibility and Affordability), by envisioning the principles of “Vasudhaiva Kutumbakam” towards fostering a common concerted growth. The conference will further deliberate on the intricate aspects of role of Special Purpose Vehicles, Private Equity Investment, Venture Capital Firms, Banks and Financial Institutions, spanning across industries including the energy sector, manufacturing enterprises, construction industry, transportation industry, etc.

Lastly, since environmental challenges are not bounded by international boundaries and showcase the characteristic of creeping into the international dimensions, the modern concept of the environmental law though imposition of obligations based on the principles of *Common but Differentiated Responsibility* and *International Cooperation* would be reiterated.

The select papers from the International Conference will be featured in CEERA’s flagship journal - the Journal on Environmental Law, Policy and Development, listed with UGC-CARE.

1.1 WHO MAY ATTEND THE CONFERENCE?

- Lawyers, Legal Professionals, Policy Makers and Green Advocates.
- Academicians, Students, Research Scholars from the disciplines of Law, Environmental Sciences, Management and Ethics, Environmental Engineering, or Environmental Health.
- Regulatory agencies, Officers from Pollution Control Board, Forest and Wildlife, Biodiversity Authority.
- Industry professionals, EHS managers, Compliance Personnel, Environmental Auditors, Engineers.

1.2 THEMATIC AREAS FOR PAPER PRESENTATION

I. HEALTH, ENERGY AND CLIMATE CHANGE

- Impact of Climate Change on Vulnerable Communities
- Human action, Health, Climate, and Environmental change
- Climate Negotiation, Clean Energy and Energy Conservation
- Innovation in Cleaner Technology and green energy
- Energy Security and Legal Framework on Renewable Energy

- Abstracts of not more than 500 words (excluding key words), on the above- mentioned themes are invited, submitted as Word (.doc/.docx) documents, with a covering letter containing the name, e-mail id, and designation of the author(s).
- All abstracts shall contain between 4-5 keywords.
- All Abstracts to be sent via e-mail to ceera@nls.ac.in with the subject line “**Three-day International Conference**” on or before **April 15th 2023**.
- There shall be a maximum of only two Authors for each Article/ Essay; and all participants are permitted to enjoin as co-author to a maximum of one Article/ Essay only.
- Potential contributors are required to adhere to a uniform mode of citation (21st edition of The Bluebook: A Uniform System of Citation).
- Submissions accepted:
 - Essays: 2000 - 4000 words (exclusive of footnotes)
 - Articles: 3000 - 6000 words (exclusive of footnotes)
- Authors may be expected to revise their abstracts and full essay/article submission based on reviews and comments received from the organizing team.
- Contributors who are unable to travel to India would be accommodated through video-conferencing.**

***After peer review, ONLY shortlisted articles and essays will be published in the Journal on Environmental Law, Policy and Development, (JELPD) listed under UGC CARE with ISSN (O) 2348-7046.**

2 ABOUT NLSIU

The National Law School of India University, the Nation's premier law university, came into existence through a Notification under the National Law School of India University Act (Karnataka Act 22 of 1986). It signified the culmination of efforts by the Judiciary, the Bar Council of India, the Karnataka Bar Council, the Bangalore University and the Government of Karnataka to reform legal education and to establish a centre of excellence for legal education and research in India.

The Law School has undertaken many research projects funded by the UGC, the Government of India, the Government of Karnataka, the Department of Women and Child Development, UN agencies, the World Bank, HIVOS etc. The Projects have served to strengthen research and teaching at the Law School. The National Law School of India University since its inception has taken proactive steps in organizing conferences, seminars, workshops, refresher courses and certificate courses to update academicians, law teachers, students, industry personnel in different subject areas.

3 ABOUT CEERA

The Centre for Environmental Law, Education, Research and Advocacy (CEERA), established in 1997 is a benefactor of the Ministry of Environment, Forest & Climate Change (MoEF & CC), Government of Karnataka, the Bar, and the Bench in India and abroad. Building an environmental law database, effectively networking among all stakeholders, building up an environmental law community, and policy research in the area of the environment are CEERA's main objectives. To achieve the aforesaid, CEERA has incessantly and successfully been able to build functional and professional linkages with government agencies and non-governmental organisations in India, the south-Asian region and at international levels.

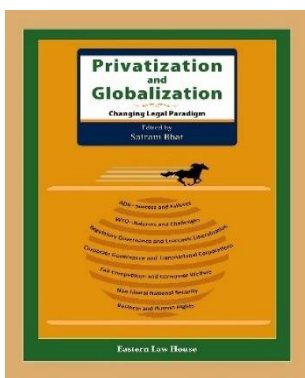

Identified as the Key Resource Centre under the aegis of the Ministry of Jal Shakti, Government of India, CEERA has been regularly engaged in capacity building and training of practitioners, government servants, academicians, and scholars on various legal areas. CEERA has been partnering with Central Pollution Control Board in organizing Training programs for the officers of various State Pollution Control Boards and other industry professionals for over 12 years. One of the first in India, to successfully be granted a World Bank project and thereafter world bank's steady choice for the Ministry of Environment Forest and Climate Change, CEERA has been entrusted with research projects and workshops to impart training to Forest Officers, Revenue Officers, Officers of the Central Pollution Control Board and also of the Government of Karnataka.

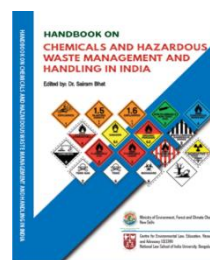

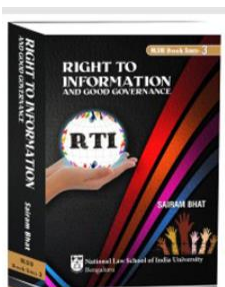

CEERA is proud to have completed a two-year Research Project granted by the United Nations Development Programme (UNDP) under the Global Environment Facility (GEF), and as one of the deliverables, organized, convened, and conducted over twenty workshops at Institutions of national repute creating awareness on the Biodiversity Law and Access and Benefit Sharing (ABS) in less than 2 years. Two research publications on the scanty research area of biodiversity laws were also the outcome of this project.

In 2018, CEERA was granted a Research Project by the Ministry of Law and Justice to conduct research on ‘Strengthening Legal Provisions for the Enforcement of Contracts’. This Project had explored all the possible avenues of reformation in the Contractual and Commercial Law to uplift the dire situation of contractual enforcement in India. As one of the deliverables under this project, National Seminar was conducted over the course of two days where 251 participants from various parts of the country had shown enthusiasm and interest.

CEERA had also organized a three-day International Conference on ‘Liberalization and Globalization: Changing Legal Paradigm in 2016, with an objective to examine the impact of Liberalization, Privatization and Globalization (LPG) in India - specifically on the various laws enacted and amended subsequent to Liberalization. It was attended by about 150 participants globally and had around 100 paper presentations as well. As an outcome of the conference, a book containing the best research papers, were published by CEERA in NLSIU Book Series-3, which was released to mark 25 Years of Economic Liberalization and Globalization.

CEERA has made several publications in the area of environmental law, the law and public policy along with Newsletters, CEERA March of the Environmental Law, NLSIU’s first e-Journal – Journal on Environmental Law, Policy and Development and manages two websites viz., enlaw.nls.ac.in, wherein the law and policy on Environment is regularly updated, and abs.nls.ac.in, a dedicated portal wherein the law and policy on Biodiversity Access and Benefit Sharing is updated periodically. All our publications are duly updated on our online portal ceerapub.nls.ac.in which is open for subscription to all readers.

4 PATRONS OF THE CONFERENCE

Prof. Sairam Bhat
Professor of Law
NLSIU

Prof. Sudhir Krishnaswamy
Vice-Chancellor
NLSIU

Prof. Bharat Desai
Professor of Law
JNU

Prof. M K Ramesh
Former Professor
of Law NLSIU

Prof. Kirk W. Junker
Professor of Law
University of Cologne

Dr. Manjeri Subin
Assistant Professor School
of Law Christ University

Dr. Vidya Jacob
Assistant Professor School of Law
Christ University

IMPORTANT DATES

- Last date for Registration: [April 15, 2023](#)
- Last date for Submission of Abstract: [April 20, 2023](#)
- Dates of the Conference: [June 05-07, 2023](#)
- Submission of Full-Length Essays/Articles: [July 01, 2023](#)

5 REGISTRATION FORM & REGISTRATION FEES
