30th & 31st, 2023

International Conference on
**Academic Integration and
Sustainable Development**
“An Interdisciplinary Manifesto”

The ICFAI University, Raipur

The ICFAI University has been established under section 9 (2) of Chhattisgarh private universities (Establishment and Operations) act 2005 and notified on March 25th, 2011. The University is empowered by Section 22 of UGC Act 1956. The University is accredited with NCTE (National Council for Teachers Education) for B.Ed programs. The university is a member of the Association of Indian Universities (AIU) New Delhi.

The University campus is spread over 30 acres of land, located at Kumhari Distt. Durg. The ICFAI University offers Post Graduate, Undergraduate courses, Diploma and

Doctoral programs in the fields of Management, Information Technology, Science and Technology, Commerce, Arts and Humanities, Education and Law.

About the Conference

The main objective of the International Conference on Academic Integration and Sustainable Development “An Interdisciplinary Manifesto” IUR-AISD 2023 is to provide a common forum to scholars, academicians, industry professionals and policy makers from across the globe to bring together innovative academics and expertise in the field of multidisciplinary research, practice and education to a common forum. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends and concerns as well as practical challenges encountered and solutions adopted in the fields of research, education and innovation.

This multidisciplinary international conference will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of different areas of research and education. This provides a platform for researchers, scientists, scholars, students and industry professionals from around the world to present their current research and foster alliances with peers. This Conference will bring together researchers and practitioners from academia and industry to focus on understanding modern engineering and applied sciences concepts and establishing new collaborations in thrust areas of research. Authors are solicited to contribute to the conference by submitting articles that illustrate research results from various fields that describes their significant contributions in the areas of their studies and education.

Who should attend?

IUR-AISD 2023 provides an opportunity for academics, scholars, researchers, industry persons and policy makers with different backgrounds to discuss their experiences, new ideas and research results in the forum of experts and speakers.

The conference committee highly encourages participation of doctorate (Ph.D) and postgraduate students to present their research work, or literature review, or findings, case studies etc., in the following broad spectrum of themes.

Conference Themes

- Medical and Applied Sciences
- Engineering and Technology
- Computer Science & Info. Technology

- Arts, Humanities and Education
 - Commerce, Management and Economics
- Other related topics will also be considered.
