From the desk of Vice-Chancellor

“At the most pragmatic level, lawyers are society's professional problem solvers. Lawyers are called upon to make distinctions, to explain how and why cases or experiences are alike or different. Lawyers are expected to restore equilibrium, to be balancers. Every discipline, every profession, every job, and every calling has a cutting edge. At that cutting edge, lines are drawn. Lawyers and judges are society's ultimate line drawers. On one side of the line, the conduct, action, or inaction is proper; on the other side of the line, it is not.”
