Phranakhon Rajabhat University is a public university located in Bangkok, Thailand. It was established in 1949 and is one of the oldest and largest Rajabhat universities in the country. The university offers a wide range of undergraduate and postgraduate programs in various fields, including education, humanities, social sciences, technology, and health sciences. Phranakhon Rajabhat University aims to provide quality education and research opportunities to its students, contributing to the development of Thai society and beyond.

Global research conference forums are platforms that bring together researchers, scholars, academics, and professionals from various disciplines and geographical locations to present and discuss their research findings, exchange knowledge, and foster collaboration. These conferences typically cover a wide range of topics and themes, spanning fields like science, technology, social sciences, humanities, and more.

The main aim of the conference is the conferring of innovative technologies to focus on local and international serious Science Technology and Management issues. This event will include the participation of renowned keynote speakers, oral presentations, and technical topics related to the Scientific Program. A wide range of topics is presented, while addressing the new opportunities for the science, technology and Management policy interface promoting the discussion between the scientific and policy-making communities.

All the selected papers of the conference will be further considered for publication in International Journal.

If you are interested in participating in this Conference, **please contact at: globalresearchconference@gmail.com.**

Finally, on behalf of the Organizing Committee, I would like to invite all the Scientific Community to participate in GRCF International Conference on Sustainable Business Practices and challenges in Management, Humanities, Law, Library, Science, and Engineering
